- Automatic email notifications of new documents
- Secure data transmission
- Possibility of creating individual folders
- Password protected database access
- User-friendly interface

WE ARE AN INDEPENDENT MEMBER OF  
**THE GLOBAL ADVISORY  
AND ACCOUNTING NETWORK**

## getsix® CUSTOMER EXTRANET

When you start working with us you receive as our customer access to the **getsix® Customer Extranet** as part of your individual service package.

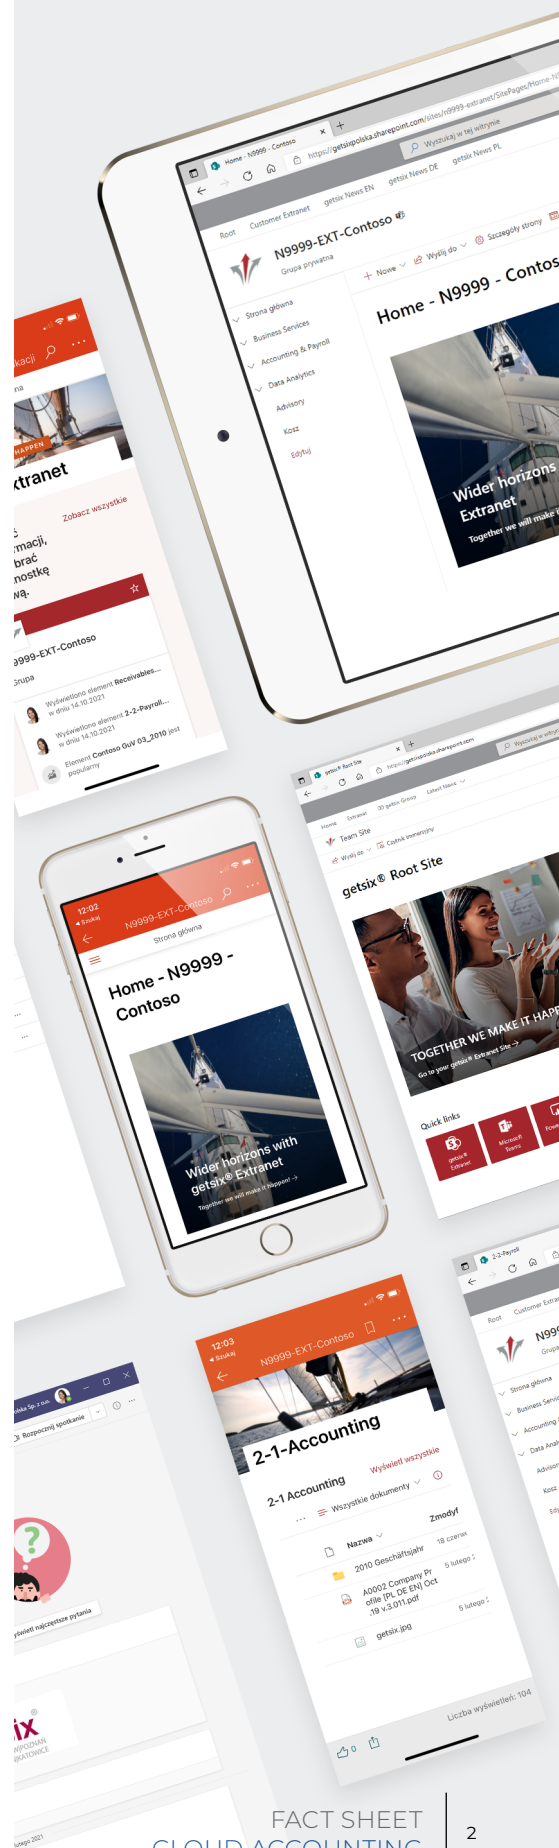

As part of our standard package, you have free access to our online communication system **getsix® Customer Extranet**, which enables direct online contact and document transfer between both of us. Find out how you and your employees can save time and make your daily work easier by using this tool.

### WHAT IS getsix® CUSTOMER EXTRANET?

It is an integrated communication system for accessing and exchanging business information between you as our customers and us being your accounting office. Via the individual accounts set up for you, you have 24/7 access to your corporate data, financial reports and files having been updated by our employees.

The Customer Extranet guarantees a permanent exchange of information between getsix® and our customers and the security of your data storage. Thanks to our Extranet, the entire communication process between all of us becomes much more efficient and consistent.

The transfer of data between the system and its' users takes place via a secure HTTPS connection secured with an SSL certificate. This solution is also typical for e-banking worldwide. To make sure that your connection is secured by such a SSL certificate, please check if the address of your website contains "https". A padlock icon or a green address field can also give proof that your website is secured by a SSL certificate.

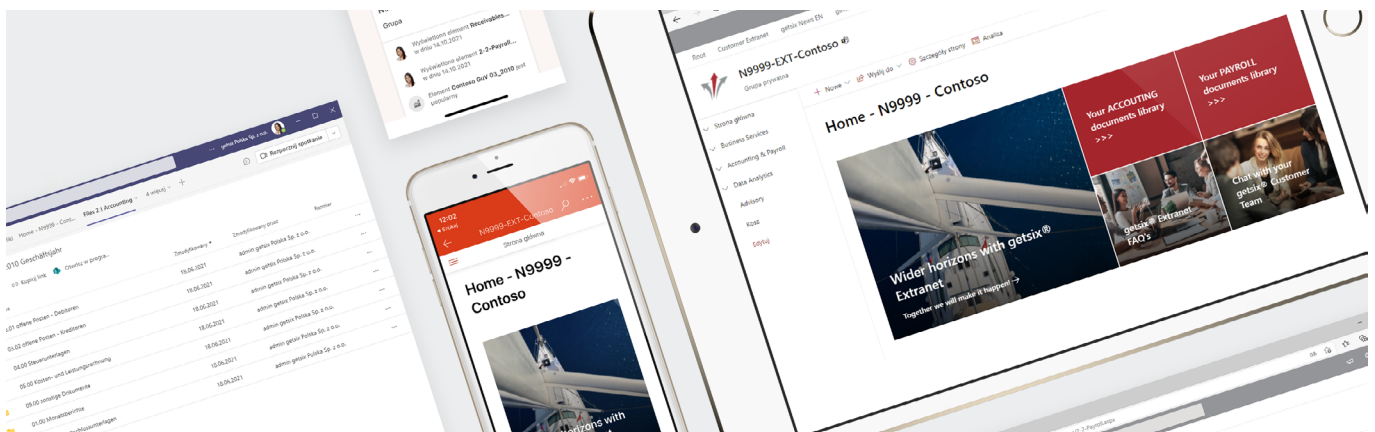

## ADVANTAGES OF COMMUNICATION VIA getsix® EXTRANET

- **Data security** - all data stored on our Extranet are protected against loss by processing daily backups of the content stored on it. Access to data is protected by an encrypted HTTPS connection and a minimum 8-character individual password for each user, in order to protect against access by unauthorized persons.
- **Constant access to shared documents (24/7)** - regardless of where you are and what device you have: computer, laptop, smartphone, you can view, download and transfer the documents and data made accessible to you.
- **Automatic e-mail notifications** - can be sent to you each time a new document or report is uploaded, please see for installation instructions the function "alert-me" on the last page of this guide. [LINK](#)
- **Create individual folders** – enables the exchange of your data with our employees, makes the forwarding of invoices electronically easy
- **Access via login and password only** - we create dedicated client accounts for you, and you decide who has on your side access to which company data.
- **Intuitively operated platform** - We strive to ensure that our interface is clear and service-friendly.

In the getsix® Customer Extranet you will find all your financial reports and other statements in chronological order. In this way, you can see all your information in one place. Your data stored on our Extranet have multiple security features and is intended for your use only.

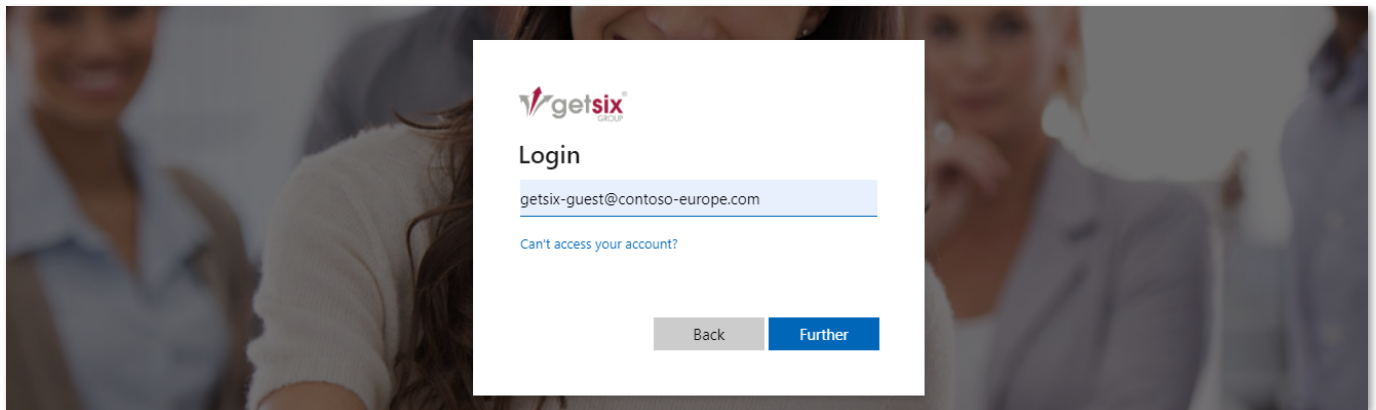

getsix® Customer Extranet works on tablets and smartphones via an app you can download to your device. You can use getsix® Extranet in the following applications: **Microsoft SharePoint, Microsoft Teams.**

# MODE OF OPERATION

## LOGIN:

After entering the address into your browser: [getsix.de/extranet](https://getsix.de/extranet) , a login screen pops up as shown below. Here you have to enter your login and the password you created when you first logged in. If you have not yet been granted access, please send a request via the website: [LINK](#).

## SECURITY OF YOUR DATA

The encryption of your internet connection guarantees the security of the network. We take all actions that your data is adequately protected when using our websites.

## LOGIN SECURITY

Every connection to getsix® Customer Extranet is encrypted using HTTPS, secured with a SSL certificate. This solution prevents interception and change of data and ensures the authenticity of the source.

## TEST ACCESS

In order to test the functionality of our Customer Extranet, we offer you a trial access: [getsix.eu/extranet](https://getsix.eu/extranet)

### Login:

- Username: **getsix-guest@contoso-europe.com**
- Password: **getsix2021!@**

Using this access tree you will find sample reporting templates for the test company "Contoso Sp. z o.o.".

# getsix® EXTRANET

## MAIN MENU

Once you have logged in with your user name and password, the **"Welcome Screen"** appears. At its' top you will find the main navigation menu, using it you can navigate through the individual libraries of the portal.

This menu includes tabs:

- **Root** - redirects you to the start page, where you will find additional information about the getsix® Group and our new services.
- **Customer Extranet** - the page from which you can select your business unit. This is especially important if we support more than one of your companies.
- **getsix News EN DE PL** - buttons redirect you to the news section of our website.

## getsix® EXTRANET

In the middle of the screen you find the name of your company with your customer number. If we support several of your companies simultaneously, you will see a separate section for each of them. For administrative reasons, the portal is designed in such a way that all information in the customer area is managed separately for each of your companies.

The screenshot shows the getsix Extranet interface. At the top is a search bar labeled "Wyszukaj w witrynach". Below it are navigation tabs: "Customer Extranet", "getsix News EN", "getsix News DE", and "getsix News PL". A banner image of a ship's deck is displayed with the text "do Czynnik immersyjny" and "TOGETHER WE MAKE IT HAPPEN". Below the banner, the text "getsix Extranet" is visible. The main content area prompts the user to "Please select your Business Unit to find your documents and further Informations." and shows a list of business units, including "N9999-EXT-Contoso Grupa". To the right, there are two promotional cards: one for the "Helpcenter" with the text "Please find additional Information's here:" and "Regarding technical support issues, please check our our FAQ's or contact our Support Team at: support-extranet@getsix.pl.", and another for "MS Teams" with the text "Use Extranet with Ms Teams".

# HELPDESK

## IF YOU HAVE ANY QUESTIONS...

We have created a HelpDesk for you, which you can access from anywhere on the Customer Extranet. Here you will find a lot of useful information, including frequently asked questions about Extranet.

The FAQ (Frequently Asked Questions) section will grow over time to include new explanations of the questions asked by our Customers.

If you couldn't find the answers to your questions, we encourage you to get in touch with our Customer Relation department, who will be happy to assist you.

### FAQ - Extranet

- ★ Terms and conditions for the participation and use of getsix® Customer Extranet
- ★ How to add a new user to the Extranet?
- ★ How does the automatic "Alert-me" notification feature work on getsix Extranet?
- ★ I forgot my password. What should I do? How to reset password?
- ★ If I'm existing customer, will my account be migrated to the new Experience?
- ★ How to get test access for getsix Extranet?

# CUSTOMER ZONE

## MAIN MENU

By clicking on your customer name on the **getsix® Customer Extranet** page you access the **Customer Area**. On the left side of the screen, you will find the main navigation menu with which you can navigate through the individual contents provided for your company. In this menu you will find the tabs:

- **0-0 Distribution List**
- **1-1-Office Services**
- **2-1-Accounting**
- **2-2-Payroll**
- **Archive**

The appearance of the **Main Menu** for your company depends on the scope of services ordered by you. The user gets access to those tabs for which a contract has been signed, so it may happen that he has access to the **"2-1-Accounting"** section, but not to the **"2-2-Payroll"** or **"1-1-Office Services"**. For administrative and legal reasons, the information for each service or for each contract are stored in a separate **document library**. We call this area a library because here we save the documents and reports that we produce and make available to you. The documents in most folders are read-only ones giving protection against accidental deletion or alteration of data being thus an additional safeguard.

# DISTRIBUTION LIST

## 0-0 DISTRIBUTION LIST

The **"0-0 Distribution List"** tab is used to manage access to the Extranet. It's the place where you'll find a list of individuals who have been granted access to the Extranet and are authorized to receive email and phone correspondence in specific areas. Thanks to the distribution list, both Key Users and our employees will have constant insight into which of your employees have access to particular areas.

A separate distribution list is created for each service, and a user will only have activated those lists for which they have signed an agreement.

If an update is required, the Key User is obligated to report such information via email to their Customer Care representative.

The screenshot shows the Microsoft 365 interface for a private group named "N9999-EXT-Contoso". The left sidebar contains a navigation menu with "Home" selected, and "0-0 Distribution List" highlighted. The main content area displays the "0-0 Distribution List" for "0-0 Distribution list Accounting". It includes a table with columns for "Name", "2-1-A Account...", "2-1-B Reports...", "2-1-C getsix Co...", and "2-1-D Others". The table lists two users: "Average Joe" (Key User) and "Plain Jane" (User). The "Average Joe" row shows checkmarks in the "2-1-A Account...", "2-1-B Reports...", "2-1-C getsix Co...", and "2-1-D Others" columns. The "Plain Jane" row shows checkmarks in the "2-1-B Reports..." and "2-1-C getsix Co..." columns.

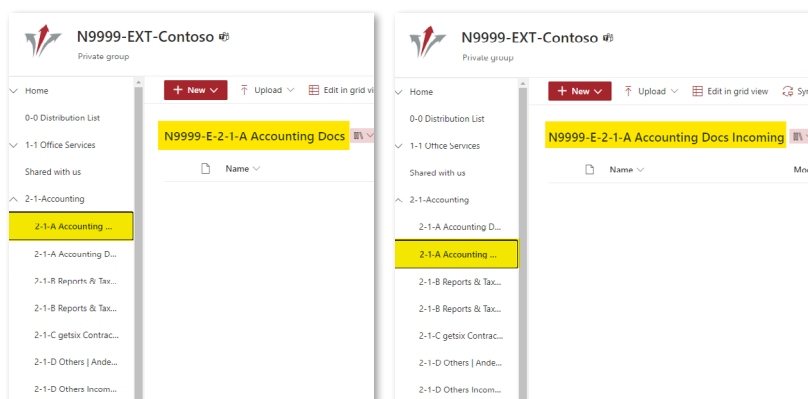

The screenshot shows the Microsoft 365 interface for a private group named "N9999-EXT-Contoso". The left sidebar contains a navigation menu with "Home" selected, and "0-0 Distribution List" highlighted. The main content area displays the "0-0 Distribution List" for "0-0 Distribution list Payroll". It includes a table with columns for "Name", "2-2-A Salary lis...", "2-2-B Payroll d...", "2-2-C Sick leaves", "2-2-D Personal ...", "2-2-E Work con...", and "2-2-F Work con...". The table lists two users: "Average Joe" (Key User) and "Plain Jane" (User). The "Average Joe" row shows checkmarks in the "2-2-A Salary lis...", "2-2-B Payroll d...", "2-2-C Sick leaves", "2-2-D Personal ...", "2-2-E Work con...", and "2-2-F Work con..." columns. The "Plain Jane" row shows a checkmark in the "2-2-A Salary lis..." column.

# ACCOUNTING LIBRARY

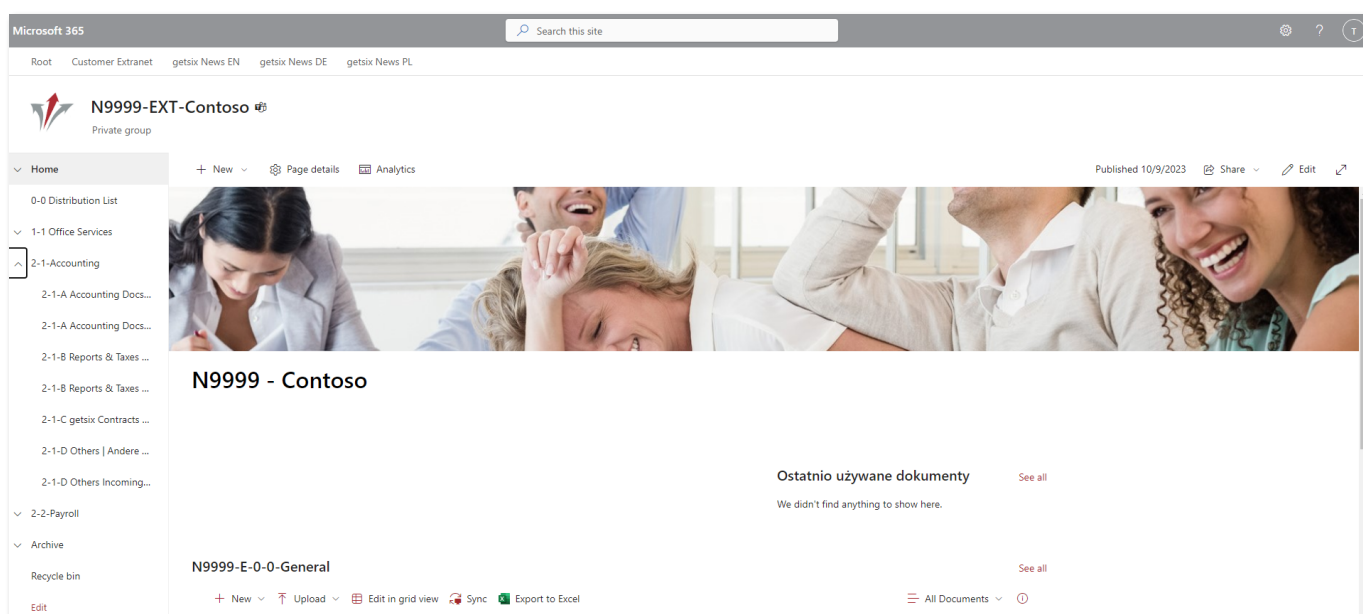

## 2-1-ACCOUNTING

Switching to the **"2-1-Accounting"** tab, you'll find libraries categorized into **"Read-only"** and **"Incoming"**. Files in the "Read-only" libraries are transmitted and managed exclusively by getsix®, and they are intended for viewing only. However, for your convenience, we've also prepared special "Incoming" libraries where you can independently add your files based on your needs and preferences.

The files in the **"2-1-Accounting"** tab are grouped into separate libraries, making it easy and quick to locate specific documents:

- **2-1-A Accounting Docs:** Accounting documents
- **2-1-B Reports & Taxes:** Reports and taxes
- **2-1-C getsix Contracts & Invoices:** Contracts and invoices provided by getsix® or related to the services we provide for you
- **2-1-D Others:** Other types of documents that you can directly discuss with the Customer Relation department or getsix® accountants

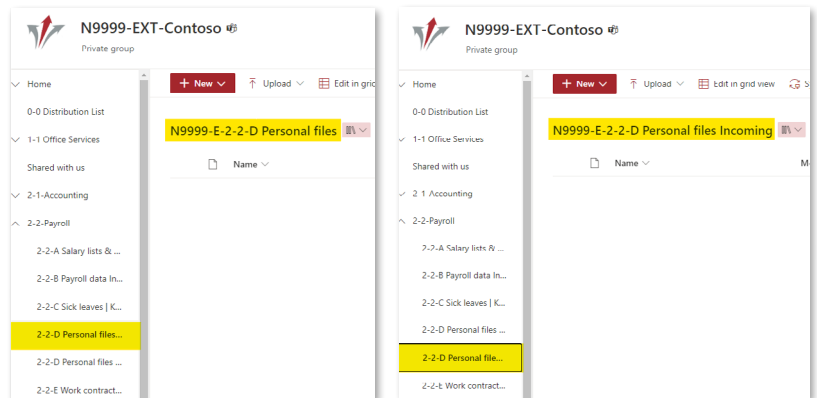

# HR & PAYROLL LIBRARY

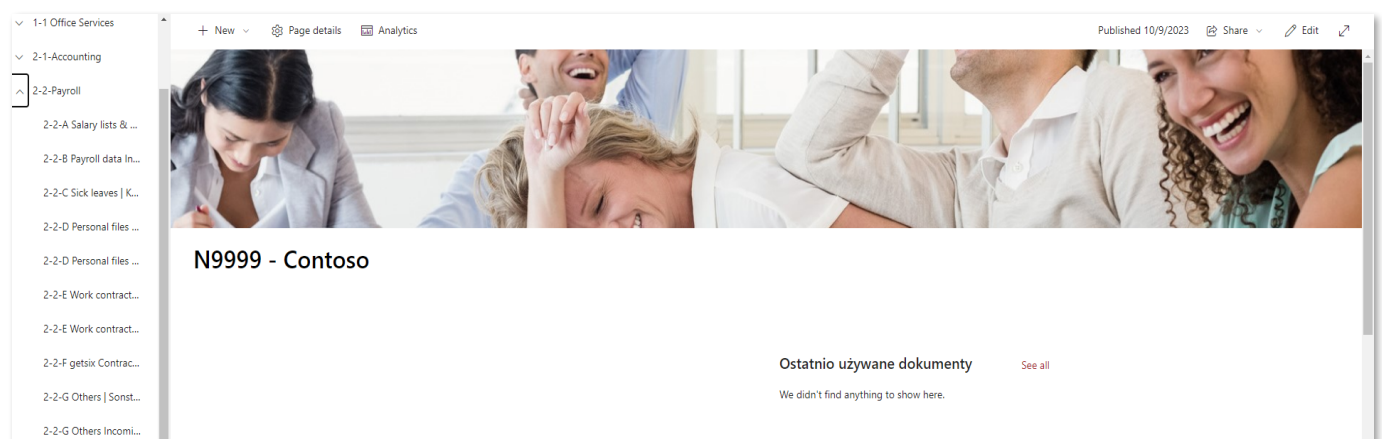

## 2-2-PAYROLL

In the **"2-2-Payroll"** document zone, you'll also find **"Read-only"** and **"Incoming"** libraries. The repeated library name indicates that one is designated for your viewing only, while the other (with the addition of "Incoming") is for your independent addition of various files.

The files in the **"2-2-Payroll"** tab are organized into separate libraries, facilitating easy and quick access to specific documents:

- **2-2-A Salary lists & reports:** Documents related to employee compensation, such as payroll lists and reports
- **2-2-B Payroll data Incoming:** Data for payroll processing
- **2-2-C Sick leaves:** Documentation related to employee sick leaves
- **2-2-D Personal files:** Employee personal files
- **2-2-E Work contracts:** Employment contracts for hired employees
- **2-2-F getsix Contracts & Invoices:** Contracts and invoices provided by getsix® or related to the services we provide for you
- **2-2-G Others:** Other types of documents that you can directly discuss with the Customer Relation department or getsix® accountants

# „ALERT-ME” FUNCTION

## AUTOMATIC NOTIFICATION FUNCTION - „ALERT-ME”

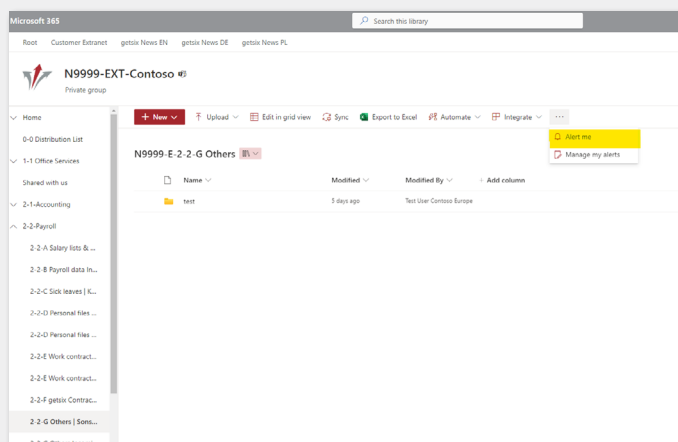

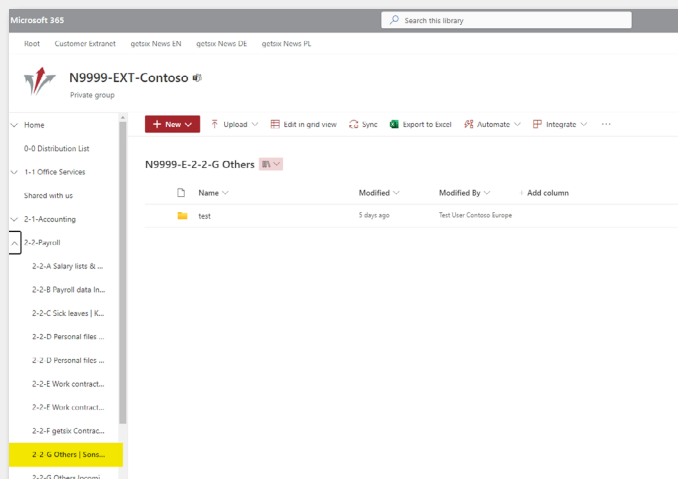

An important and extremely useful feature of the "getsix® Customer Extranet" is the automatic notification when documents are added to the catalog or document library.

Users who enable this feature will receive e-mail or SMS notifications about changes in the document area. These notifications can be sent: immediately, daily, at specified times or weekly reports. This is a useful feature that allows you to stay up to date with information and changes about your company.

**This function must be activated by each user personally.**

### STEPS:

1. Access the library of your choice,
2. Expand the hidden options: "... " and select "Send me an alert",
3. In the last step select the alert settings and confirm with "OK".

**Alert me when items change**

OK Cancel

**Alert Title**  
Enter the title for this alert. This is included in the subject of the notification sent for this alert.  
N9999-E-2-2-G Others

**Delivery Method**  
Specify how you want the alerts delivered.

Send me alerts by:  
☒ E-mail getsix-guest@contoso-europe.com  
☐ Text Message (SMS)  
☐ Send URL in text message (SMS)

**Change Type**  
Specify the type of changes that you want to be alerted to.

Only send me alerts when:  
☒ All changes  
☐ New items are added  
☐ Existing items are modified  
☐ Items are deleted

**Send Alerts for These Changes**  
Specify whether to filter alerts based on specific criteria. You may also restrict your alerts to only include items that show in a particular view.

Send me an alert when:  
☒ Anything changes  
☐ Someone else changes a document  
☐ Someone else changes a document created by me  
☐ Someone else changes a document last modified by me

**When to Send Alerts**  
Specify how frequently you want to be alerted. (mobile alert is only available for immediately send)

☒ Send notification immediately  
☐ Send a daily summary  
☐ Send a weekly summary
